# OUR STORY

**2018**

Our company was founded with a mission to bridge the gap between education and employment

**2020**

Expanded our training offerings to include AWS, DevOps and Multi-Cloud, focusing on personalized support

**2022**

Introduced 100% placement assistance and career-building services like resume building and mock interviews

**2024**

Continued to grow with a strong track record of student placements and industry partnerships

## Strengths

- What are you good at?
- How will you move forward?
- What qualifications can you develop?

## Weaknesses

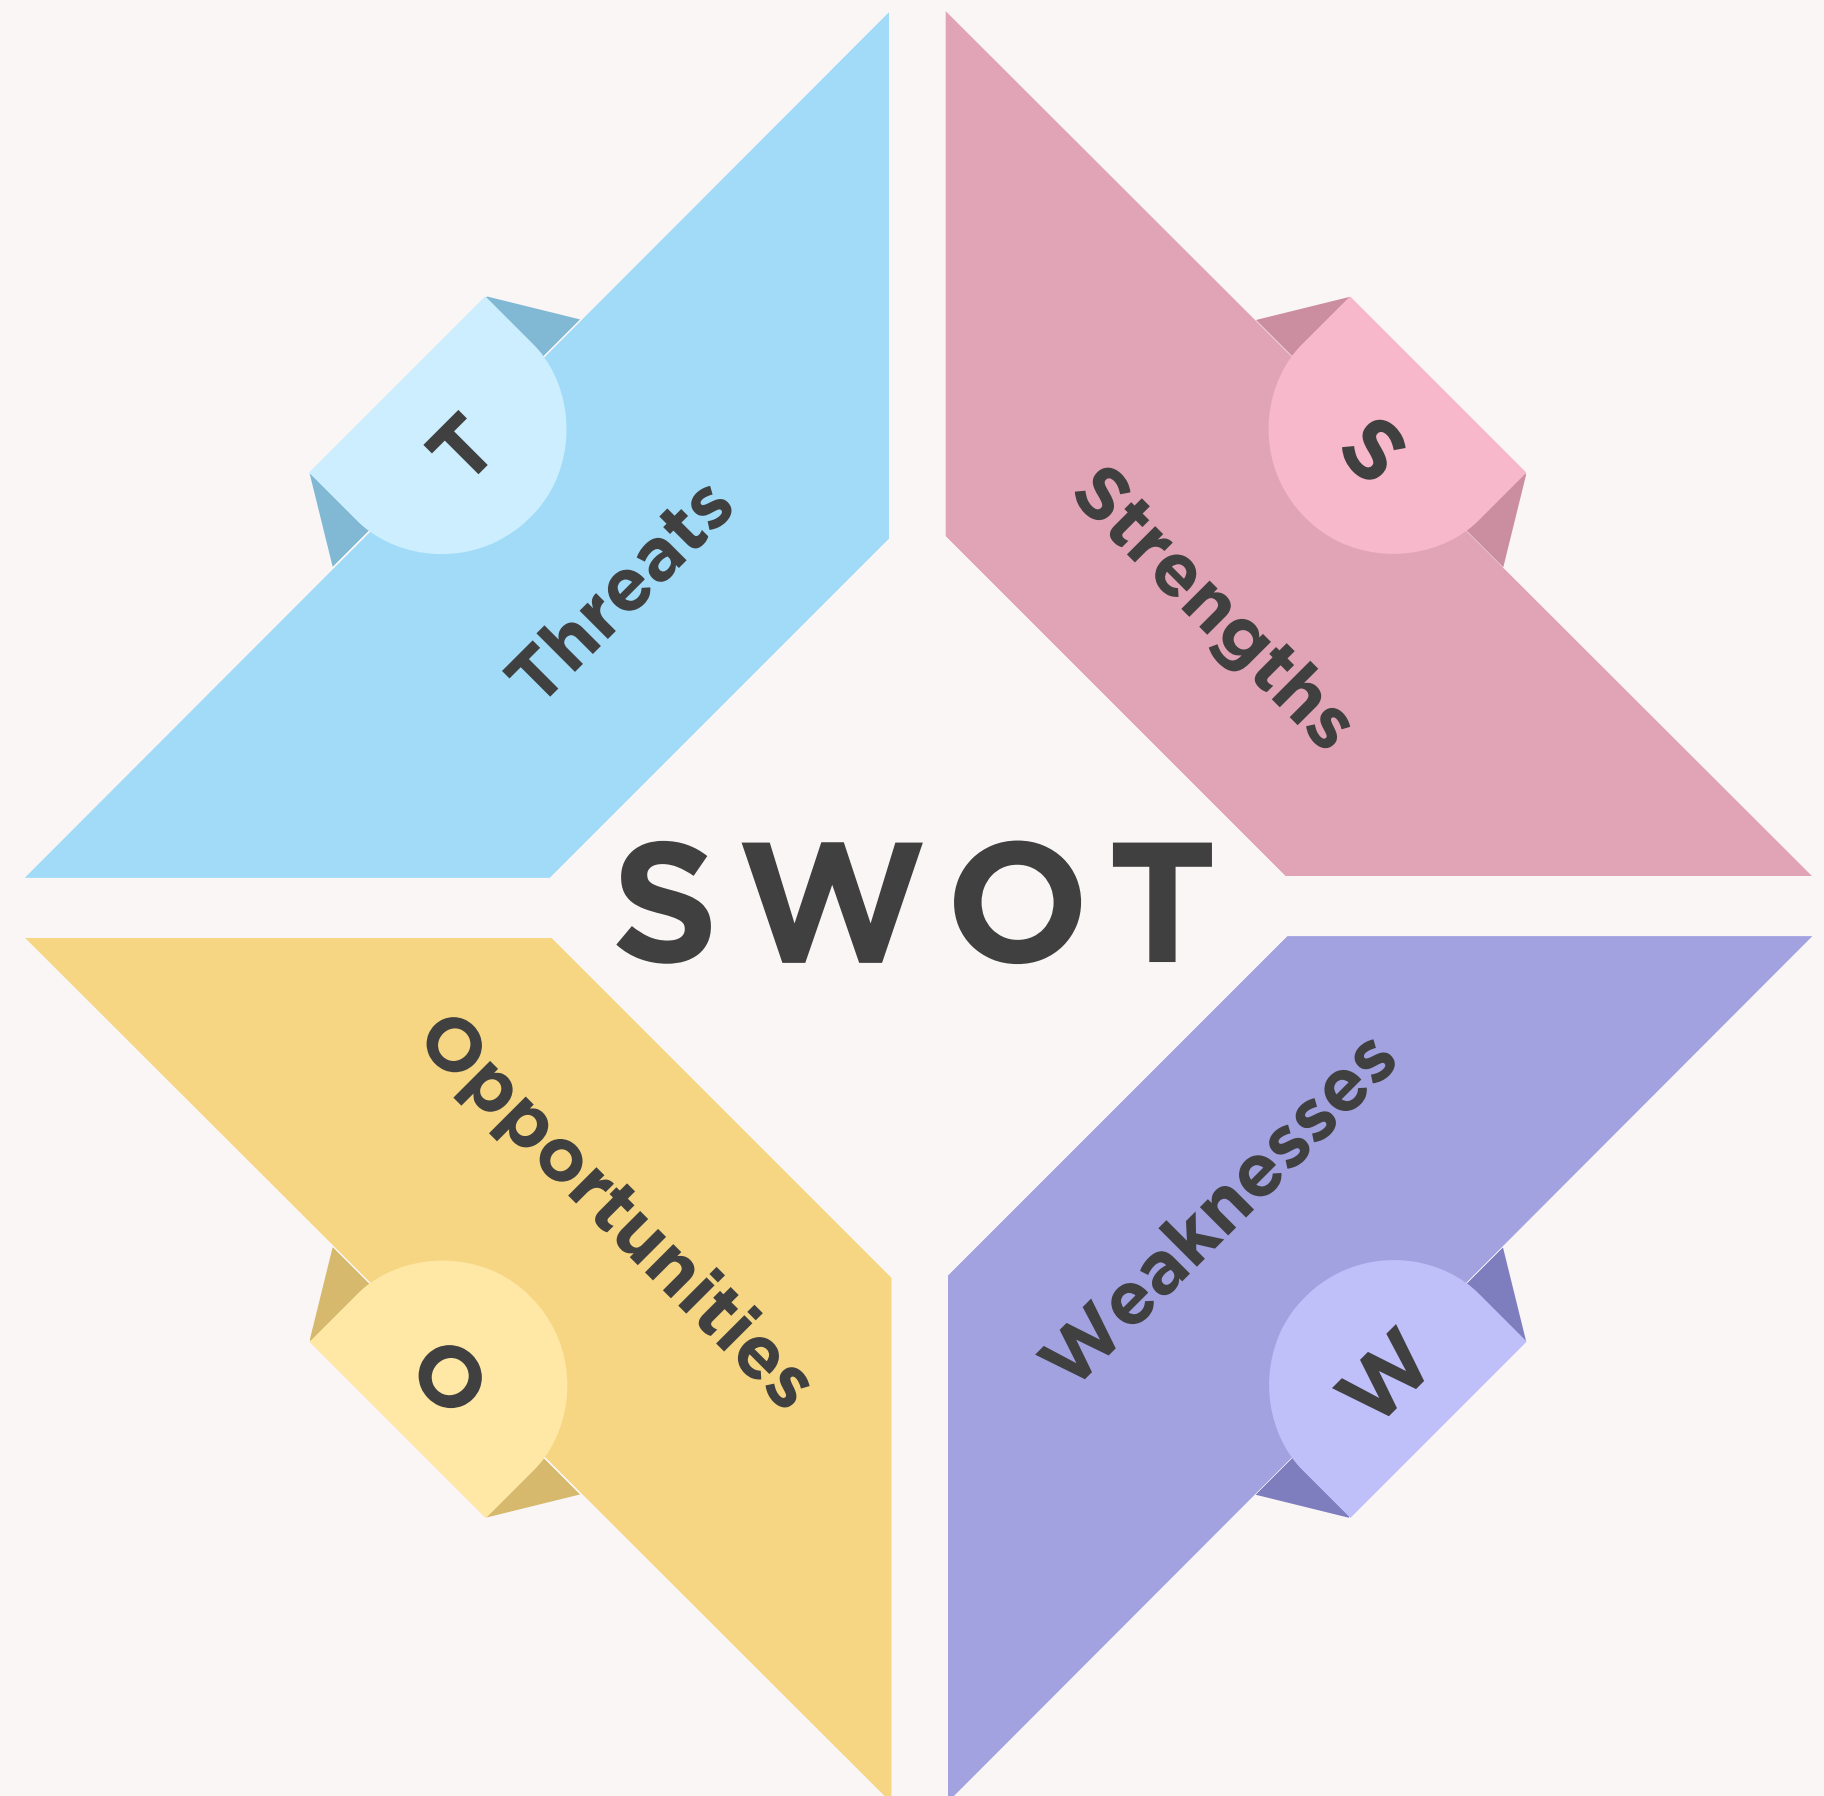

- What do you still need to learn?
- What can you improve on?
- What is the least enjoyable part of your job?

## Opportunities

- In the future, what projects might you take on?
- What contacts are available in your industry?
- How can you improve your skills?

## Threats

- What are the main skills needed that you are not developing?
- Is there anything new in your field you won't be able to learn?
